

EQUALITY POLICY

Rationale

Equality is the right of every child to be recognised as an individual and to be treated fairly. Equality should be promoted among all people in an inclusive society and steps should be actively taken to counter any discrimination based on these protected characteristics. Age, disability, sex, gender reassignment, pregnancy and maternity, race, religion or belief and sexual orientation (The Equality Act 2010).

Equal opportunities are not about treating all people the same. It is about recognising and valuing that we are all different with different things to offer and different needs to be met: Equity.

This guidance will help providers and staff to take into account the relevant **Health and Social Care Standards:**

- 1.1 I am accepted and valued whatever my needs, ability, gender, age, faith, mental health status, race, background or sexual orientation.
- 1.2 My human rights are protected and promoted and I experience no discrimination.
- 1.6 I get the most out of life because the people and organisation who support and care for me have an enabling attitude and believe in my potential.
- 2.2 I am empowered and enabled to be as independent and as in control of my life as I want and can be.
- 3.13 I am treated as an individual by people who respect my needs, choices and wishes, and anyone making a decision about my future care and support knows me.
- 4.1 My human rights are central to the organisations that support and care for me.
- 4.3 I experience care and support where all people are respected and valued.

This guidance will help providers and staff to take into account the relevant Quality Indicators from How Good is our Early Learning and Childcare: https://education.gov.scot/nih/Documents/Frameworks_SelfEvaluation/FRWK1_NIHeditSelf-evaluationHGIELC/HGIOELC020316Revised.pdf

- 1.5 Management of resources to promote equity
- 3.1 Ensuring wellbeing, equality and inclusion
